

The **Rio height adjustable bath** with optional patented Neatfold stretcher from Astor-Bannerman makes a great addition to most care settings, particularly in the home where it can also be used by the whole family.

This beautifully UK designed and manufactured bath will enhance any bathroom environment, allowing the client the dignity of taking a bath in their own home, while also ensuring carers can bathe the user at a safe and comfortable working height, helping to reduce the risk of back strain.

Incorporating the highest quality materials including twin actuators and smooth rail systems, the Rio assisted bath is supremely stable in any position and one of the quietest height adjustable baths on the market today.

The Rio adjustable bath has a variety of features incorporated into the design as standard, such as an extra-large open area under the bath, which gives easy access to all types of mobile and floor hoist.

With a width of 755mm, the Rio can comfortably accommodate all types of internal body bath supports to maximise bathing pleasure.

This bath has a 3 year warranty\* for complete peace of mind and is has range of thermostatic mixer tap options and a WRAS approved gantry shower if required. It can also be fitted with the unique patented Neatfold showering, dressing and changing stretcher as shown. The Neatfold stretcher is only available on Astor-Bannerman baths and is an invaluable asset for drying and changing when used in conjunction with a mobile or ceiling hoist.

*Shown with optional Neatfold Stretcher*
