Astor Standing Aid Pro

A premium stand aid with enhanced comfort and safety features

Lithium-ion
Battery

Maximum
Load - 150 kg

3 Year
Warranty

Ergonomic shaped handle grips:

Optimum grip shape
for people with restricted
grip function

Dual sling attachment points:

Two options for sling positioning
to allow a greater variation
in user heights

Colour co-ordinated key user contact areas - Hand grips; Knee pad; Footplate:

To aid sequencing and
memory function for patient
interaction points of use

Large Cushioned leg support:

Ultimate pressure and tissue
off-loading through deep
memory-foam envelopment
during the standing process.
Allowing stability and knee
function with less pressure
than normal knee pads

Retractable safety belts for each leg:

Allowing safety to be the
priority with single handed care

Easy to manoeuvre by only one caregiver*:

Light frame and lifting column made from
aluminium and steel

Horizontal footplate:
To allow optimal stand-up position,
as directed by therapists for
standing exercises

Control / Display:

Dual operation control
panel for handset backup.
Service indicator and Lift
cycle counter. Handset
with battery status display

Lithium-ion:

Cutting edge battery
technology to improve
performance and life costs;
**charges faster; lasts
longer; lighter**

Sit to stand clip sling:

With arm and back
support available

Astor Standing Aid

Specially designed to assist residents who still have the ability to stand for a short amount of time

Rechargeable
Battery

Maximum
Load - 200 kg

3 Year
Warranty

Improves resident mobility:

Assists residents to sit to stand and maintain functionality. Increased mobility reduces the level of care assistance required

Handset control:

With integrated battery charge display

Comfortable, flexible knee pads:

The ergonomically shaped knee pads are individually adjustable in height to perfectly suit each resident. They prevent painful pressure on the kneecaps during the standing motion

Easy to manoeuvre

by only one caregiver*:
Light frame and made out of aluminium and steel

Smart ergonomic concept:

Helps to prevent back injuries and incorrect strain on caregivers

Spreadable legs:

Electrical height adjustment and electrically spreadable frame for enhanced stability and access. Legs easily fit under bath tubs and care beds

Premium Castors:

4 high quality, 2 rear lockable double castors giving smooth manoeuvrability, as well as ease of cleaning

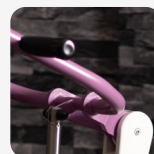

Handset control:

Simple controls and battery charge status display

Leg straps:

For added security and support

Ergonomic hand grips:

For added comfort and easy grip

Astor Mobile Floor Hoist

Enables safe transfer and repositioning with the aid of a single carer

Rechargeable
Battery

Maximum
Load - 205 kg

3 Year
Warranty
